CAO Position

The CAO position has been awarded to Amy Dawson. Amy has just graduated with her Business Degree in Tourism. Today is Amy's first day. For the next few weeks her hours will vary based on our availability to get training complete. We should have permanent office hours in the next couple of weeks. We'd like each committee chair to schedule a meeting w/Amy over the next week or two and bring her up to speed on things in each area.

Summer Student:

Tina was approached about an opportunity to get a summer student through the province.
